## Academic Experience

### University of Denver Coding Boot Camp:

- Built a front end website from scratch.
  - Deployed static and dynamic websites to the cloud.
  - Wrote SQL commands to perform Create, Read, Update and Delete commands.
  - Worked independently or in a group on complex projects.
  - Developed a vision for a website using wireframe—and then built it and collaborated on it with my classmates.
  - Built a full stack Single Page Application with AJAX communication.
  - Implemented acceptable “social coding” and best agile practices.
  - Created session-based applications utilizing user authentication measures.
-
